

# Join our Community Expert Group on Homelessness, Housing and Health!

Community Expert Group (CEG) on Homelessness, Housing, and Health is a group of people with lived expertise of homelessness. The Group works with scientists and research teams at MAP Centre for Urban Health Solutions to align MAP's research agenda on homelessness, housing and health with community priorities. **CEG is recruiting new members with lived expertise of homelessness who are actively involved in their communities, familiar with the Toronto hospital system, and interested in homelessness and health research and advocacy.**

## WHAT THIS INVOLVES:

-  Participating in monthly in-person meetings for approximately 2 hours
-  Contributing to new and ongoing research projects and activities
-  Actively sharing insights on what research should be conducted on homelessness
-  Receiving formal acknowledgment for your contributions on published material
-  Compensation for your time
-  Committing to at least 12 months of participation

## TRAINING OPPORTUNITIES:

-  Members will receive training to facilitate their work with MAP

## SESSIONS WILL INCLUDE:

-  Research design and methods
-  Research ethics
-  Advocacy & more

## IF INTERESTED:

To apply, send your response to the following questions to [mapceg@unityhealth.to](mailto:mapceg@unityhealth.to)

- 1) What are your reasons for wanting to be a part of the Community Expert Group?**
- 2) What other community programs or group activities do you participate in?**

Number of open spots: **Up to 3**

Application close: **Open until filled**

*Priority will be given to young adults with lived experiences of homelessness and individuals with experience as a patient in Toronto hospitals.*
